1 Foreword

JC/T 2807-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 July 2025.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the general principles, evaluation requirements, evaluation methods and procedures, judgment and evaluation reports for the green factory evaluation of the wood-based panel industry. This standard is applicable to the creation and evaluation of green factories of fiberboard, particleboard and plywood manufacturers, and can be used as a reference by other types of wood-based panel and product manufacturers.

JC/T 2807-2024 falls under ICS 79.060.01, in the field of wood technology.

This catalogue holds 4 other JC/T standards in that field.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.

3 About this standard

Sector: Building Materials Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:

LY/T 3236-2020 - Grading and evaluation methods for odor of wood-based panels and its products

GB/T 4897-2015 - Particleboard

LY/T 1580-2010 - Oriented strand board

5 Classification and status

International classification (ICS): 79.060.01

Chinese Standard Classification (CCS): B 70

Prefix JC/T: recommended standard.
