1 Foreword

JC/T 2889-2025 was issued by Ministry of Industry and Information Technology on 10 April 2025 and has been in force since 1 November 2025.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 4 pages in English translation.

2 Scope Preview

This standard specifies the general requirements, evaluation methods, test methods, and evaluation reports for evaluating the service condition of building metal roof panels. This document applies to the evaluation of the service condition of profiled coated metal surface
