## 1 Foreword

JC/T 289-2010 was issued by Ministry of Industry and Information Technology on 22 November 2010 and has been in force since 1 March 2011.

It replaces the earlier edition JC 289-1981.

## 2 Scope

This standard specifies the principles of absorbent plastic honeycomb core Test method for glass fiber reinforced, test procedure, , specimens, test environment and equipment is calculated, test results and test reports. This standard applies to the determination of the quality of glass fiber reinforced plastic honeycomb cores of absorbent percentage, unit volume of water absorption, mass loss percentage of water-soluble substances, absorbent material can generally be used when comparing the quality of inspection or selection.

## 3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 4 pages

Chinese original: about 6,622 characters

Supersedes the earlier edition JC 289-1981.

## 4 Classification and status

International classification (ICS): 83.120

Chinese Standard Classification (CCS): Q 23

Prefix JC/T: recommended standard.
