1 Foreword

JC/T 404-2016 was issued by Ministry of Industry and Information Technology on 11 July 2016.

It replaces the earlier edition JC/T 404-1991.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the type, model and basic parameters, requirements, test methods, inspection rules and marking, packaging, transportation and storage of the pass-through separator for the cement industry.
