1 Foreword

JC/T 407-2008 was issued by Ministry of Industry and Information Technology on 16 June 2008 and has been in force since 1 December 2008.

It replaces the earlier edition JC/T 407-2000.

2 Scope

This standard specifies the classification and marking, technical requirements, test methods, inspection rules, packaging, storage and transportation of wet-grinding aluminium pastes (hereinafter referred to as aluminium pastes). This standard is applicable to aluminum pastes used as gas-generating agent for aerated concrete.

3 Normative references

GB/T 6003.1 - Test sieves of metal wire cloth

GB 12463 - General specifications for transport packages of dangerous goods

JT 3130 - Rules for transportation of dangerous goods by automobile

4 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 7 pages

Chinese original: about 10,193 characters
