1 Foreword

JC/T 468-2017 was issued by Ministry of Industry and Information Technology on 12 April 2017 and has been in force since 1 October 2017.

It replaces the earlier edition JC/T 468-1992.

2 Scope

This standard specifies the product specifications, requirements, test methods, inspection rules and signs, packaging, transportation and storage of high pressure boiler water level meter mica (hereinafter referred to as "mica"). This standard applies to thermal power generation and ultra-high pressure boiler water level observation window with synthetic mica and natural muscovite.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 3 pages

Chinese original: about 4,459 characters

Supersedes the earlier edition JC/T 468-1992.

4 Classification and status

International classification (ICS): 73.080

Chinese Standard Classification (CCS): Q 63

Prefix JC/T: recommended standard.
