1 Foreword

JC/T 483-2022 was issued by Ministry of Industry and Information Technology on 30 September 2022 and has been in force since 1 April 2023.

2 Scope

This standard specifies the terms and definitions, classification, general requirements, technical requirements, test methods, inspection rules, signs, packaging, transportation and storage of polysulfide building sealants. This standard applies to room temperature vulcanized multi-component building sealants based on liquid polysulfide rubber. This standard does not apply to polysulfide sealants for secondary sealing of insulating glass.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 7 pages

Chinese original: about 9,934 characters

4 Classification and status

Chinese Standard Classification (CCS): Q 24

Prefix JC/T: recommended standard.
