1 Foreword

JC/T 491-2010 was issued by Ministry of Industry and Information Technology on 22 November 2010 and has been in force since 1 March 2011.

It replaces the earlier edition JC/T 491-1992.

2 Scope

This standard specifies the reinforced plastic pultruded profiles by component classification methods. This standard applies to reinforced plastic pultruded profiles classification code written and classification range represents.

3 About this standard

Issued by: Ministry of Industry and Information Technology

Adopted international standard: ASTM D3647-2003, MOD

English translation: about 4 pages

Chinese original: about 6,618 characters

Supersedes the earlier edition JC/T 491-1992.

4 Classification and status

International classification (ICS): 83.120

Chinese Standard Classification (CCS): Q 23

Prefix JC/T: recommended standard.
