1 Foreword

JC/T 566-2022 was issued by Ministry of Industry and Information Technology on 30 September 2022 and has been in force since 1 April 2023.

2 Scope

This standard specifies the terms and definitions, classification and marking, general requirements, performance requirements, test methods, inspection rules, marks and certificates, transportation, packaging and storage of perforated fiber cement boards for sound absorption. This standard applies to perforated fiber cement boards and perforated calcium silicate boards for sound-absorbing engineering. Perforated boards for other projects can be used as a reference.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages

Chinese original: about 22,243 characters

4 Classification and status

Chinese Standard Classification (CCS): Q 25

Prefix JC/T: recommended standard.
