1 Foreword

JC/T 581-2017 was issued by Ministry of Industry and Information Technology on 7 November 2017 and has been in force since 1 April 2018.

It replaces the earlier edition JC/T 581-1995.

2 Scope

This standard specifies the terms and definitions, types, models and basic parameters, technical requirements, test methods, inspection rules and signs, packaging, transportation and storage of fixed cement packaging machines (hereinafter referred to as packaging machines). This standard applies to fixed-type cement packing machines for feeding the impeller, screw feeding, and gasification feeding. The other types of fixed-type cement packing machines or other similar material packaging machines can also refer to the implementation.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 6 pages

Chinese original: about 8,872 characters

Supersedes the earlier edition JC/T 581-1995.

4 Classification and status

International classification (ICS): 91.110

Chinese Standard Classification (CCS): Q 92

Prefix JC/T: recommended standard.
