1 Foreword

JC/T 60006-2020 was issued by Ministry of Industry and Information Technology on 31 August 2020.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 17 pages in English translation.

2 Scope Preview

This standard applies to the material, design, construction and acceptance of the tile thin pasting method. The materials, design, construction and acceptance of the tile thin paste method shall not only comply with this regulation, but also comply with the current relevant

national standards.

JC/T 60006-2020 falls under ICS 91.200, in the field of construction materials and building.

This catalogue holds 579 other JC/T standards in that field.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 17 pages

Chinese original: about 25,258 characters

4 Related standards

Standards on related subjects:

GB/T 43496-2023 - Test method of thermal cycling and condensation resistance of curtain walls

GB 50877-2014 - Code for installation and acceptance of fire resistant shutters, fire resistant door-sets and fire resistant windows

GB 50209-2002 - Code for acceptance of construction quality of building ground

JC/T 2891-2025 - Testing method for organic pollutant emission character of building decoration materials - Ultimate value of organic pollutant emission with lord rate

JC/T 60005-2020 - Technical specification for application of gypsum plaster

JC/T 2279-2014 - Technical code for waterproof roof of glass fibre reinforced cement (GRC)

5 Classification and status

International classification (ICS): 91.200

Chinese Standard Classification (CCS): P 32

Prefix JC/T: recommended standard.
