1 Foreword

JC/T 60022-2024 was issued by Ministry of Industry and Information Technology on 5 July 2024.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 25 pages in English translation.

2 Scope Preview

This standard specifies the general principles, terminology, co-disposal facilities, identification and detection of solid waste, production disposal management requirements and process technology, ceramsite product performance, pollutant emission limits and monitoring, noise pollution control, occupational safety and health, etc. for the co-disposal of solid waste in ceramsite kilns

JC/T 60022-2024 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 1,909 other JC/T standards.

Of the 978 JC/T standards that do carry an ICS number, 580 (59%) fall under ICS 91, in the field of construction materials and building.
