1 Foreword

JC/T 60032-2025 was issued by Ministry of Industry and Information Technology on 2 July 2025 and has been in force since 1 February 2026.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 23 pages in English translation.

2 Scope Preview

This standard specifies the terminology, basic requirements, materials, structural design, construction, and quality acceptance of autoclaved aerated concrete (AAC) fireproof boards. This document applies to the design, construction, and acceptance of AAC fireproof boards for fireproof steel structure components and firewalls in newly built, renovated, and expanded industrial and civil building projects.

JC/T 60032-2025 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 1,909 other JC/T standards.

Of the 978 JC/T standards that do carry an ICS number, 580 (59%) fall under ICS 91, in the field of construction materials and building.
