1 Foreword

JC/T 608-2011 was issued by Ministry of Industry and Information Technology on 20 December 2011 and has been in force since 1 July 2012.

It replaces the earlier edition JC/T 608-1995.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the car with cement bulk machine of the type, marking and basic parameters, technical requirements, test methods, inspection rules, signs, packaging, transport and storage. This standard applies to cars with cement in bulk.
