1 Foreword

JC/T 691-2022 was issued by Ministry of Industry and Information Technology on 30 September 2022 and has been in force since 1 April 2023.

2 Scope

This standard specifies the grades and marks, technical requirements, test methods, inspection rules and signs, packaging, transportation and storage of high chromium cast iron lining plates. This standard applies to high chromium cast iron liners for tube mills used in the cement industry. High chromium cast iron liners and wear-resistant high chromium cast iron parts for other industries can also be used as a reference.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 7 pages

Chinese original: about 10,168 characters

4 Classification and status

Chinese Standard Classification (CCS): J 31

Prefix JC/T: recommended standard.
