1 Foreword

JC/T 871-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 July 2024.

2 Scope

This standard specifies the classification, materials, technical requirements, test methods, inspection rules, packaging, marking, transportation and storage of silver-coated glass mirrors. This standard applies to glass lenses with flat glass as the substrate, coated with metallic silver film, copper film and protective paint for indoor use. This standard does not apply to silver-coated glass mirrors made of non-flat glass and flat glass processed products as substrates.

3 About this standard

Issued by: Ministry of Industry and Information Technology

English translation: about 11 pages

Chinese original: about 17,136 characters

4 Classification and status

International classification (ICS): 81.040.30

Chinese Standard Classification (CCS): Q 33

Prefix JC/T: recommended standard.
