1 Foreword

JC/T 888-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 July 2024.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the terms and definitions, classification and marking, general requirements, technical requirements, test methods, inspection rules, signs, product certificates, stacking, hoisting and transportation of prestressed concrete thin-walled pipe
