1 Foreword

JC/T 899-2016 was issued by Ministry of Industry and Information Technology on 11 July 2016.

It replaces the earlier edition JC 899-2002.

The JC/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the terms and definitions, classification and marking of concrete curbs, general provisions, requirements, test methods, sampling methods and inspection rules, signs, product quality certificates, instructions for use, packaging, transportation, storage.

JC/T 899-2016 is filed under Chinese Standard Classification Q 14, in the field of building materials.

This catalogue holds 931 other JC/T standards without an ICS number.

In this catalogue, JC/T standards carry edition years from 1973 to 2026.
