1 Foreword

JR/T 0011-2004 was issued by People's Bank of China on 1 December 2004 and took effect the same day.

The JR/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 13 pages in English translation.

2 Scope Preview

This standard specifies the definition of bank centralized data center, objectives, scope, technical specifications, management practices, and shall have the functions to guide the construction and management of the bank centralized data center. This standard applies to domestic banks and financial institutions, People's Republic of China.

JR/T 0011-2004 falls under ICS 35.240.40, in the field of information technology.

This catalogue holds 93 other JR/T standards in that field.

In this catalogue, JR/T standards carry edition years from 1993 to 2026.

3 Normative references

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document.

GB/T 9361

GB/T 2887

GB 50174

ISO/IEC 17799
