1 Foreword

JR/T 0093.4-2012 was issued by People's Bank of China on 12 December 2012 and took effect the same day.

It is one of 6 parts of the JR/T 0093 series.

2 Scope

This standard specifies the data format of the documents transferred and exchanged between the payment content platform and the remote payment system in the remote payment, including the file naming and recording format definition. This standard does not stipulate the way of transmission of documents, and the specific transmission mode is determined by the parties involved in the exchange of documents, and the security and integrity of the document transmission should be ensured. This standard applies to the file exchange between the payment content platform and the remote payment system in the remote payment.
