8.5 Ledger data
8.6 Consensus Protocol
8.7 Smart Contract
8.8 Identity Management
8.9 Privacy protection
9 Risk Monitoring Test Items
9.1 TA Access Control over SE

1 Foreword

JR/T 0242-2022 was issued by People's Bank of China on 24 November 2022 and took effect the same day.

The JR/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the requirements for the application of commercial passwords in the entire business process of electronic insurance policies from the time of insurance application to the termination of liability, including the requirements for the application of commercial passwords in the electronic insurance policy business process, as well as the requirements for commercial password technology and management. This standard is applicable to guide the management and application of commercial passwords in the
