1 Foreword

JR/T 0264-2024 was issued by People's Bank of China on 29 July 2024 and took effect the same day.

The JR/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the guidelines for organizational support, demand analysis, system planning, construction requirements, and operation and maintenance management in the construction of disaster recovery in financial data centers. This standard applies to the construction and management of disaster recovery in financial data centers.

JR/T 0264-2024 falls under ICS 35.240.40, in the field of information technology.

This catalogue holds 93 other JR/T standards in that field.

In this catalogue, JR/T standards carry edition years from 1993 to 2026.

3 About this standard

Sector: Finance Industry Standard (Recommended)

Issued by: People's Bank of China

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:
