1 Foreword

JR/T 0271-2023 was issued by People's Bank of China on 8 November 2023 and took effect the same day.

The JR/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the maturity model and maturity calculation method of financial digital capabilities, and clarifies the corresponding grading requirements for financial digital transformation capabilities in different dimensions. This standard is used by financial institutions to measure the level of financial technology application and digital transformation development, examine their own digital development advantages and shortcomings, accelerate digital transformation, and enhance digital business capabilities and digital core competitiveness.

JR/T 0271-2023 falls under ICS 35.240, in the field of information technology.

This catalogue holds 93 other JR/T standards in that field.

In this catalogue, JR/T standards carry edition years from 1993 to 2026.
