1 Foreword

JR/T 0298-2023 was issued by People's Bank of China on 8 November 2023 and took effect the same day.

The JR/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the reference framework, technical design, field application, security management, effectiveness evaluation and other guidelines for the application of robotic process automation technology in the financial field. This standard is used for product design, software development, system evaluation, etc. of financial institutions in the application of robotic process automation technology.

JR/T 0298-2023 falls under ICS 35.240.40, in the field of information technology.

This catalogue holds 93 other JR/T standards in that field.

In this catalogue, JR/T standards carry edition years from 1993 to 2026.

3 About this standard

Sector: Finance Industry Standard (Recommended)

Issued by: People's Bank of China

English translation: about 15 pages (approximate)

4 Classification and status

International classification (ICS): 35.240.40

Chinese Standard Classification (CCS): A 11

Prefix JR/T: recommended standard.
