What this standard covers

This standard stipulates guidelines for business processes, professional ethics and codes of conduct, professional concepts, practitioner knowledge systems, and professional abilities involved in the work of green finance practitioners. This standard applies to practitioners in the field of green finance, including but not limited to those working in various financial institutions who are engaged in work related to supporting the development of low-carbon economy, circular economy, adaptation and mitigation of climate change, and other financial services that can generate environmental benefits and reduce environmental costs and risks.

Document data

International classification (ICS): 03.060.

Chinese classification (CCS): A11.

Estimated length of the Chinese original: 11,188 words.
