1 Foreword

JT/T 1237-2019 is issued by Ministry of Transport.

The JT/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the classification, composition and type, technical requirements, test methods, inspection rules, and requirements for marking, packaging, transportation and storage of open diving bells. This standard applies to the production, inspection and
