## 1 Foreword

JT/T 1238-2019 is issued by Ministry of Transport.

The JT/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

## 2 Scope Preview

This standard specifies the technical requirements, test methods, inspection rules, and requirements for marking, packaging, transportation and storage of cement-based grouting materials for semi-flexible mixtures. This standard applies to the production, inspection and use of cement-based grouting materials for semi-flexible mixtures.

JT/T 1238-2019 falls under ICS 93.080.20, in the field of civil engineering.

This catalogue holds 128 other JT/T standards in that field.

In this catalogue, JT/T standards carry edition years from 1991 to 2026.

## 3 About this standard

Sector: Highway & Transportation Industry Standard (Recommended)

Issued by: Ministry of Transport

English translation: about 8 pages (approximate)

Chinese original: about 11,176 characters

## 4 Classification and status

International classification (ICS): 93.080.20

Chinese Standard Classification (CCS): R 66

Prefix JT/T: recommended standard.
