1 Foreword

JT/T 1307-2020 was issued by Ministry of Transport on 28 April 2020 and has been in force since 1 July 2020.

The JT/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 18 pages in English translation.

2 Scope Preview

This standard specifies the general requirements, functional requirements, performance requirements and communication protocols for electronic stop signs of urban buses and trams. This standard applies to the design, production, operation and maintenance of electronic stop signs for urban buses and trams.

JT/T 1307-2020 falls under ICS 35.240.60, in the field of information technology.

This catalogue holds 58 other JT/T standards in that field.

In this catalogue, JT/T standards carry edition years from 1991 to 2026.

3 About this standard

Sector: Highway & Transportation Industry Standard (Recommended)

Issued by: Ministry of Transport

English translation: about 18 pages (approximate)

Chinese original: about 27,293 characters
