It is one of 13 parts of the JT/T 1385 series.

The JT/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the electronic certificate document requirements, appearance style and information content of the professional qualification certificate of the loading and unloading management personnel of hazardous chemicals port operators. This standard applies to the generation, data processing, exchange and sharing of electronic qualification certificates for loading and unloading managers of hazardous chemicals port operators.

JT/T 1385.12-2023 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 1,942 other JT/T standards.

Of the 641 JT/T standards that do carry an ICS number, 290 (45%) fall under ICS 03, in the field of services and company organization.
