What this standard covers

This standard specifies the structure and classification, technical requirements, test methods, inspection rules, as well as marking, accompanying documents, packaging, transportation, and storage of tire changers. This standard applies to the design, production, inspection, and use of motor vehicle tire changers; other tire changers should refer to this standard.

Document data

International classification (ICS): 47.020.70.

Chinese classification (CCS): R29.

Supersedes the earlier edition JT/T 635-2005.
