1 Foreword

JTJ/T 282-2006 was issued by Ministry of Transport on 7 December 2006 and has been in force since 1 May 2007.

The JTJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard applies to new construction, renovation and expansion of specialized container terminal production operations computer management control system design. Container Terminal computer management system should be synchronized with the pier design, the construction scale and content should be appropriate to the scale and the terminal building.

JTJ/T 282-2006 falls under ICS 35.240.60, in the field of information technology.

JTJ/T 282-2006 is the only JTJ/T document in this catalogue.

Its issuing body, Ministry of Transport, has 1,615 other documents in this catalogue.

3 About this standard

Issued by: Ministry of Transport

English translation: about 15 pages

Chinese original: about 23,217 characters

4 Related standards

Standards on related subjects:

GB/T 3873-1983 - General specifications for products packaging of communication equipments

5 Classification and status

International classification (ICS): 35.240.60

Chinese Standard Classification (CCS): M 07; P 67

Prefix JTJ/T: recommended standard.
