1 Foreword

JTS 109-2018 was issued by Ministry of Transport on 8 February 2018 and has been in force since 1 April 2018.

The JTS prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 39 pages in English translation.

2 Scope Preview

This standard is applicable to the preparation of geotechnical investigation reports for each survey stage of water transport projects.

JTS 109-2018 is filed under Chinese Standard Classification P 67, in the field of engineering construction.

This catalogue holds 48 other JTS standards without an ICS number.

In this catalogue, JTS standards carry edition years from 2007 to 2024.

3 About this standard

Issued by: Ministry of Transport
