1 Foreword

JTS 240-2020 was issued by Ministry of Transport on 16 August 2020 and has been in force since 1 October 2020.

The JTS prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 59 pages in English translation.

2 Scope Preview

This standard applies to the test and inspection of foundation piles for water transportation projects. In addition to this code, the test and inspection of foundation piles for water transportation projects shall also comply with the current relevant national standards.

JTS 240-2020 falls under ICS 93.140, in the field of civil engineering.

This catalogue holds 48 other JTS standards in that field.

In this catalogue, JTS standards carry edition years from 2007 to 2024.
