1 Foreword

JTS/T 128-2022 was issued by Ministry of Transport on 7 May 2022 and has been in force since 1 June 2022.

The JTS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 16 pages in English translation.

2 Scope Preview

This standard is applicable to the preparation of preliminary design budget estimates and construction drawing budgets for geotechnical surveys of water transport construction projects in coastal and inland river areas in my country. This standard should be compared with the "Geotechnical Survey Quotas for Water Transport Engineering" (JTS/T 295-1-2022), "The Cost Quota for Ships (Taiwan) Classes of Mechanical Instruments for Geotechnical Survey of Water Transport Engineering" (JTS/T 295-2-2022) Supporting the

use of.

JTS/T 128-2022 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 114 other JTS/T standards.

Of the 29 JTS/T standards that do carry an ICS number, 29 (100%) fall under ICS 93, in the field of civil engineering.

3 About this standard

Issued by: Ministry of Transport

English translation: about 16 pages

Chinese original: about 24,270 characters

4 Related standards
