1 Foreword

JTS/T 271-2020 was issued by Ministry of Transport on 26 August 2020 and has been in force since 15 October 2020.

It replaces the earlier edition JTS 271-2008.

The JTS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard is applicable to the preparation of bills of quantities and pricing activities for water transportation projects such as port projects, waterway projects, shipyard repairs and hydraulic construction projects. For water transport projects that implement bidding and bidding based on the bill of quantities, the maximum bid limit, the preparation of the base price and the bid quotation, the determination and adjustment of the contract price, and the settlement of the project price shall comply with this specification. In addition to complying

https://chinastandards.org/standards/jts-t-271-2020

with the provisions of this code, the valuation activities of the bill of quantities of water transport projects shall also comply with the provisions of the current relevant national standards.

JTS/T 271-2020 falls under ICS 93.140, in the field of civil engineering.

This catalogue holds 28 other JTS/T standards in that field.

In this catalogue, JTS/T standards carry edition years from 2013 to 2024.

3 About this standard

Issued by: Ministry of Transport

English translation: about 47 pages

Chinese original: about 71,778 characters

Supersedes the earlier edition JTS 271-2008.

4 Related standards

Standards on related subjects:

JT/T 496-2004 - High-density polyethylene silicon duct for highway communication conduit

JTS/T 273-2024 - Water transport engineering survey quota

JTS/T 267-2021 - Quality Inspection Standards for Inland River Digital Waterway Construction Projects (with text description)

5 Classification and status

International classification (ICS): 93.140

Chinese Standard Classification (CCS): P 67

Prefix JTS/T: recommended standard.
