1 Foreword

JTS/T 325-2024 was issued by Ministry of Transport on 12 January 2024 and has been in force since 1 April 2024.

The JTS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 31 pages in English translation.

2 Scope Preview

This standard applies to the construction quality control and inspection of foundation reinforcement by underwater deep cement mixing pile method. In addition to complying with the provisions of this standard, the construction quality control and inspection of foundation reinforcement by underwater deep cement mixing pile method shall also comply with the provisions of the relevant current national standards.
