1 Foreword

JY/T 0226-2019 was issued by Ministry of Education of the People's Republic of China on 8 April 2019 and has been in force since 1 September 2019.

It replaces the earlier edition JY 226-1987.

The JY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the model designation, requirements, test methods, inspection rules, signs, instruction manuals, packaging, Transportation and storage. This standard is applicable to the solid shrink force demonstrator for teaching experiments.

JY/T 0226-2019 falls under ICS 03.180, in the field of services and company organization.

This catalogue holds 130 other JY/T standards in that field.

In this catalogue, JY/T standards carry edition years from 1999 to 2026.
