1 Foreword

KA 38-2026 was issued by National Mine Safety Administration on 27 April 2026.

It has been in force since 1 June 2026.

The document runs to 6 pages in English translation.

2 Scope Preview

This standard specifies methods for classifying rockburst types. It applies to the identification of rockburst types for disaster prevention and control in coal mines and may also serve as a reference for classifying rockburst types in non-coal mines.

KA 38-2026 falls under ICS 73.020, in the field of mining and minerals.

This catalogue holds 14 other KA standards in that field.

In this catalogue, KA standards carry edition years from 2025 to 2026.
