1 Foreword

KA/T 20.6-2024 was issued by State Mine Safety Supervision Administration on 1 April 2024 and has been in force since 7 April 2024.

It is one of 6 parts of the KA/T 20 series.

The KA/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

KA/T 20.6-2024 is filed under Chinese Standard Classification D 15, in the field of mining.

This catalogue holds 6 other KA/T standards without an ICS number.

In this catalogue, KA/T standards carry edition years from 2023 to 2026.

3 About this standard

Issued by: State Mine Safety Supervision Administration

English translation: about 9 pages

Chinese original: about 14,118 characters

4 Related standards

Other parts of this standard:

KA/T 20.1-2024 - Part 1: Outline for design of safety facilities for metal and nonmetal underground mine construction projects

KA/T 20.2-2024 - Part 2: Outline for design of safety facilities for metal and nonmetal opencast mine construction projects

KA/T 20.3-2024 - Part 3: Outline for major changes design of safety facilities for metal and nonmetal mine construction projects

KA/T 20.4-2024 - Part 4: Outline for design of safety facilities for tailings pond construction projects

KA/T 20.5-2024 - Part 5: Outline for major changes design of safety facilities for tailings pond construction projects

Standards on related subjects:

DZ/T 0080-2010 - Specifications for geophysical logging of coal

MT/T 1091-2008 - Standard for exploration and evaluation of hydrogeology, engineering geology and environment geology in coal beds

5 Classification and status

Chinese Standard Classification (CCS): D 15

Prefix KA/T: recommended standard.
