1 Foreword

KA/T 21-2024 was issued by State Mine Safety Supervision Administration on 1 April 2024 and has been in force since 7 April 2024.

The KA/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 12 pages in English translation.

2 Scope Preview

KA/T 21-2024 is filed under Chinese Standard Classification D 14, in the field of mining.

This catalogue holds 6 other KA/T standards without an ICS number.

In this catalogue, KA/T standards carry edition years from 2023 to 2026.
