1 Foreword

LB/T 012-2011 was issued by National Tourism Administration on 1 February 2011 and has been in force since 1 June 2011.

The LB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the city's tourist -oriented public information system (hereinafter referred to as guiding system) the composition of the respective guide elements identified in the guidance system of the general principles and requirements set, provides the guiding factor in guiding the system settings, the settings position setting method. This standard applies to the city's tourist guide system planning and setting. Provincial, city, county, township, town and other areas of tourism planning and guiding system settings can also refer to the use.

LB/T 012-2011 falls under ICS 01.080.20, in the field of generalities, terminology and documentation.

This catalogue holds 5 other LB/T standards in that field.

In this catalogue, LB/T standards carry edition years from 2006 to 2026.
