What this standard covers

This standard specifies the technical requirements, test methods, inspection rules, nameplates, markings, instructions for use, packaging, transportation, and storage of aircraft wastewater trucks (hereinafter referred to as wastewater trucks). This standard applies to the design, manufacture, and inspection of wastewater trucks used within civil airport areas to collect and transfer aircraft wastewater and to refuel aircraft with clean water.

Document data

International classification (ICS): 49.100.

Chinese classification (CCS): V57.

Supersedes the earlier edition MH/T 6015-2014.
