What this standard covers

This standard specifies the mine sealing pump (hereinafter referred to as sealing pump) technical requirements, test methods, inspection rules, signs, packaging, transport and storage. This standard applies to the screw as the main sealing slurry feed pump. This standard does not apply to live (column) piston pump to deliver slurry sealing the main body of the pump.

Document data

International classification (ICS): 13.100.

Chinese classification (CCS): D09.

Estimated length of the Chinese original: 10,195 words.
