What this standard covers

This standard specifies the YBC series Shearer cutting (main) motor (hereinafter referred to as the motor) and basic parameters, technical requirements, test methods, inspection rules, signs, packaging and storage. This standard applies to the Ministry of shearer cutting coal mine explosion-proof three-phase asynchronous motors, including cutting unit while driving and walking part of the main motor. Also applies to coal mine coal cutter motor. Shearer crushing mechanism motor can also refer to the use.

Document data

International classification (ICS): 29.160.30; 29.260.20.

Chinese classification (CCS): K25.

Estimated length of the Chinese original: 14,113 words.

Supersedes the earlier edition MT/T 476-1996.
