Determination of electrical resistivity of anthracite

无烟煤电阻率测定方法

(English Translation)

Issued on: December 12, 1997

Implemented on: July 1, 1998

Issued by: State Administration of Work Safety

What this standard covers

This standard specifies the anthracite resistance measuring equipment, sample taking, preparation, measurement step, the results presentation and precision. This standard applies to the determination of anthracite resistivity.

Document data

International classification (ICS): 73.04.

Chinese classification (CCS): D21.

Estimated length of the Chinese original: 6,617 words.
