Foreword

This standard was drafted in accordance with the rules given in GB/T 1.1-2009.

This standard is proposed by the Department of Social Affairs of the Ministry of Civil Affairs.

This standard is under the jurisdiction of the National Technical Committee for Social Welfare Services Standardization (SAC/TC 315).

This standard was drafted. Department of Social Affairs, Ministry of Civil Affairs, Social Welfare Center, Ministry of Civil Affairs, Chengdu Children Welfare Institute, Sichuan

Province Standardization Research Institute Research Institute, Ningxia Children Welfare Institute, Beijing Normal University Law School Family Law Research Center.

Introduction

The "Foster Care Management Measures" (Decree No. 54 of the Ministry of Civil Affairs) put forward related requirements for the evaluation of family foster care, but in actual work, How to grasp it is still a difficult point, and it needs to be regulated. Formulation of Family Foster Evaluation Standards it provides a scientific basis for the effectiveness of fostering families in fostering families, and provides child welfare institutions with the right choice of foster children to enter eligible foster families.

Provided unified standards, provided qualitative and quantitative indicators and requirements for evaluating the caregiving ability of foster families and the growth and development of foster children, Provided the basis and guidance for child welfare agencies to adopt corresponding measures for home foster care. Standards set child welfare agencies at home the leading role of organization and implementation, evaluation and supervision in foster care in the family Steps will be taken to improve the quality of family foster care, maximize the rights of foster children, and promote the healthy growth of children.
