**ENERGY INDUSTRY STANDARD OF THE
PEOPLE'S REPUBLIC OF CHINA**

NB/T 11000-2022

**Specification for bills of quantities and valuation for onshore
wind power projects**

陆上风电场工程工程量清单计价规范

Issued on: November 4, 2022

Implemented on: March 4, 2023

Issued by: National Energy Administration of the PRC

Table of Contents

1 Scope	1
2 Normative references	1
3 Terms and definitions	1
4 General requirements	3
5 Preparation of the bill of quantities	4
5.1 General requirements	4
5.2 Explanatory notes on the preparation of the bill of quantities	4
5.3 Bill of quantities for divisional and itemized works	4
5.4 Procurement list for equipment and installation materials	4
5.5 List of measure items	5
5.6 List of other items	5
5.7 Coding of bill of quantities items	5
6 Bill of quantities valuation	8
6.1 General requirements	8
6.2 Maximum bid price	9
6.3 Tender price	9
6.4 Agreement on the contract price	10
6.5 Measurement of works	11
6.6 Adjustment of the contract price	11
6.7 Interim payment of the contract price	16
6.8 Completion settlement and payment	18
6.9 Settlement and payment of the price on termination of the contract	18
6.10 Handling of valuation disputes	19
6.11 Valuation records and archiving	19
7 Composition and format of the bill of quantities	20
7.1 Composition of the bill of quantities	20
7.2 Format of the bill of quantities	20
8 Composition and format of the bill of quantities valuation	20
8.1 Composition of the bill of quantities valuation	20
8.2 Format of the bill of quantities valuation	21
Annex A (normative) Bill of quantities items and calculation rules for civil works	22
A.1 Earthwork and rock excavation works	22

A.2 Foundation treatment works	25
A.3 Masonry works	27
A.4 Concrete and reinforcement works	29
A.5 Metal structure works	34
A.6 Interior and exterior decoration works	35
A.7 Indoor water supply and drainage, heating, ventilation, lighting and fire protection works	41
A.8 Outdoor works of the station area	44
A.9 Road works	49
Annex B (normative) Bill of quantities items and calculation rules for installation works ...	51
B.1 Power generation equipment installation works	51
B.2 Step-up substation equipment installation works	51
B.3 Cable and busbar installation works	58
B.4 Overhead line works	60
B.5 Earthing installation works	63
B.6 Station area lighting installation works	64
B.7 Commissioning and testing works	64
Annex C (normative) Items and calculation rules for the procurement list of equipment and installation materials	67
C.1 Procurement of wind farm equipment	67
C.2 Procurement of step-up substation equipment	68
C.3 Procurement of other equipment	77
C.4 Procurement of installation materials	80
Annex D (normative) List of measure items and calculation rules	85
D.1 Measure items	85
Annex E (informative) Tender item list for the wind farm part of the works	87
E.1 Tender item list for wind farm civil works	87
E.2 Tender item list for wind farm installation works	98
Annex F (informative) Tender item list for the collector line part of the works	101
F.1 Tender item list for collector overhead line civil works	101
F.2 Tender item list for collector overhead line installation works	104
F.3 Tender item list for collector cable line civil works	107
F.4 Tender item list for collector cable line installation works	109
Annex G (informative) Tender item list for the step-up substation part of the works	112
G.1 Tender item list for step-up substation civil works	112
G.2 Tender item list for step-up substation installation works	148

Annex H (informative) Tender item list for the procurement of equipment and installation materials	158
H.1 Tender item list for the procurement of wind farm equipment and installation materials	158
H.2 Tender item list for the procurement of collector line equipment and installation materials	160
H.3 Tender item list for the procurement of step-up substation equipment and installation materials	164
Annex I (informative) Tender item list for measure items	184
I.1 Tender item list for measure items	184
Annex J (normative) Format of the bill of quantities	186
J.1 Cover sheet	186
J.2 Title page	187
J.3 Explanatory notes	188
J.4 Bill of quantities for divisional and itemized works	189
J.5 Procurement list for equipment and installation materials	189
J.6 List of measure items	190
J.7 List of other items	190
J.8 Detailed schedule of provisional sums	191
J.9 Schedule of provisional unit prices for equipment and materials	191
J.10 Schedule of provisional prices for specialist works	192
J.11 Daywork schedule	192
J.12 Schedule of the content of main contractor attendance services	193
J.13 Schedule of the content of unloading and storage of equipment and materials supplied by the employer	193
J.14 Schedule of materials priced by the tenderer	194
J.15 Schedule of equipment and materials supplied by the employer	194
Annex K (normative) Format of the maximum bid price	195
K.1 Cover sheet	195
K.2 Title page	196
K.3 Explanatory notes	197
K.4 Summary schedule of the maximum bid price	198
K.5 Summary schedule of the maximum bid price for civil and installation works	198
K.6 Summary schedule of the maximum bid price for the procurement of equipment and installation materials	199
K.7 Valuation schedule for the bill of quantities of divisional and itemized works	199

K.8 Valuation schedule for the procurement list of equipment and installation materials	200
K.9 Valuation schedule for the list of measure items	200
K.10 Valuation schedule for the list of other items	201
K.11 Detailed schedule of provisional sums	201
K.12 Schedule of provisional unit prices for equipment and materials	202
K.13 Schedule of provisional prices for specialist works	202
K.14 Daywork schedule	203
K.15 Valuation schedule for main contractor attendance fees	203
K.16 Valuation schedule for the unloading and storage fees of equipment and materials supplied by the employer	204
K.17 Analysis schedule of all-in unit prices	204
K.18 Schedule of main material prices	205
Annex L (normative) Format of the tender price	206
L.1 Cover sheet	206
L.2 Title page	207
L.3 Explanatory notes	208
L.4 Summary schedule of the tender price	209
L.5 Summary schedule of the tender price for civil and installation works	209
L.6 Summary schedule of the tender price for the procurement of equipment and installation materials	210
L.7 Valuation schedule for the bill of quantities of divisional and itemized works	210
L.8 Valuation schedule for the procurement list of equipment and installation materials	211
L.9 Valuation schedule for the list of measure items	211
L.10 Valuation schedule for the list of other items	212
L.11 Detailed schedule of provisional sums	212
L.12 Schedule of provisional unit prices for equipment and materials	213
L.13 Schedule of provisional prices for specialist works	213
L.14 Daywork schedule	214
L.15 Valuation schedule for main contractor attendance fees	214
L.16 Valuation schedule for the unloading and storage fees of equipment and materials supplied by the employer	215
L.17 Analysis schedule of all-in unit prices	215
L.18 Schedule of materials priced by the tenderer	216
Annex M (normative) Format of the completion settlement statement	217
M.1 Cover sheet	217
