**ENERGY INDUSTRY STANDARD OF THE
PEOPLE'S REPUBLIC OF CHINA**

NB/T 11017-2022

**Specification for bills of quantities and valuation for
photovoltaic power projects**

光伏发电工程工程量清单计价规范

Issued on: November 4, 2022

Implemented on: March 4, 2023

Issued by: National Energy Administration of the PRC

Table of Contents

1 Scope	1
2 Normative references	1
3 Terms and definitions	1
4 General requirements	3
5 Preparation of the bill of quantities	4
5.1 General requirements	4
5.2 Explanatory statement on the preparation of the bill of quantities	4
5.3 Bill of quantities for divisional and sub-divisional works	4
5.4 Procurement bill for equipment and installed materials	4
5.5 Bill of preliminaries and temporary works items	5
5.6 Bill of other items	5
5.7 Item coding of the bill of quantities	5
6 Valuation of the bill of quantities	8
6.1 General requirements	8
6.2 Maximum tender price limit	9
6.3 Tender price quotation	9
6.4 Agreement on the contract price	10
6.5 Measurement of works	11
6.6 Adjustment of the contract price	11
6.7 Interim payment of the contract price	16
6.8 Final account and payment on completion	17
6.9 Price settlement and payment on termination of the contract	18
6.10 Handling of valuation disputes	19
6.11 Valuation records and archives	19
7 Composition and format of the bill of quantities	20
7.1 Composition of the bill of quantities	20
7.2 Format of the bill of quantities	20
8 Composition and format of the bill of quantities valuation	20
8.1 Composition of the bill of quantities valuation	20
8.2 Format of the bill of quantities valuation	21
Annex A (normative) Bill of quantities items and measurement rules for building works ...	22
A.1 Earthwork and rockwork	22

A.2 Ground treatment works	25
A.3 Masonry works	27
A.4 Concrete and reinforcement works	30
A.5 Metal structure works	36
A.6 Internal and external decoration works	38
A.7 Indoor water supply and drainage, heating, ventilation, lighting and fire protection works	44
A.8 Outdoor works within the station area	47
A.9 Road works	53
A.10 Demolition and strengthening works	54
Annex B (normative) Bill of quantities items and measurement rules for installation works	56
B.1 Installation of generating field equipment	56
B.2 Installation of step-up substation equipment	60
B.3 Installation of cables and busbars	67
B.4 Installation of overhead lines	69
B.5 Earthing installation works	72
B.6 Lighting installation works within the station area	73
B.7 Commissioning and testing works	73
Annex C (normative) Bill items and measurement rules for the procurement of equipment and installed materials	77
C.1 Procurement of generating field equipment	77
C.2 Procurement of step-up substation equipment	79
C.3 Procurement of other equipment	89
C.4 Procurement of installed materials	92
Annex D (normative) Bill items and measurement rules for preliminaries and temporary works	98
D.1 Preliminaries and temporary works items	98
Annex E (informative) Tender item list for the generating field part of the works	101
E.1 Tender item list for building works of the generating field part	101
E.2 Tender item list for installation works of the generating field part	122
Annex F (informative) Tender item list for the step-up substation part of the works	130
F.1 Tender item list for building works of the step-up substation part	130
F.2 Tender item list for installation works of the step-up substation part	166
Annex G (informative) Tender item list for the procurement of equipment and installed materials	177
G.1 Tender item list for the procurement of generating field equipment	177

G.2 Tender item list for the procurement of step-up substation equipment.....	179
G.3 Tender item list for the procurement of other equipment.....	193
G.4 Tender item list for the procurement of installed materials.....	196
Annex H (informative) Tender item list for preliminaries and temporary works.....	201
H.1 Tender item list for preliminaries and temporary works.....	201
Annex I (normative) Format of the bill of quantities.....	203
I.1 Cover sheet.....	203
I.2 Title page.....	204
I.3 Explanatory statement on preparation.....	205
I.4 Bill of quantities for divisional and sub-divisional works.....	206
I.5 Procurement bill for equipment and installed materials.....	206
I.6 Bill of preliminaries and temporary works items.....	206
I.7 Bill of other items.....	207
I.8 Schedule of provisional sums.....	207
I.9 Schedule of provisional unit rates for equipment and materials.....	208
I.10 Schedule of provisional sums for specialist works.....	208
I.11 Daywork schedule.....	209
I.12 Schedule of the content of general contractor services.....	209
I.13 Schedule of the content of equipment and material unloading and safekeeping provided by the employer.....	210
I.14 Schedule of materials priced by the tenderer.....	211
I.15 Schedule of equipment and materials provided by the employer.....	211
Annex J (normative) Format of the maximum tender price limit.....	212
J.1 Cover sheet.....	212
J.2 Title page.....	213
J.3 Explanatory statement on preparation.....	214
J.4 Summary of the maximum tender price limit.....	215
J.5 Summary of the maximum tender price limit for building and installation works.....	215
J.6 Summary of the maximum tender price limit for the procurement of equipment and installed materials.....	215
J.7 Valuation table for the bill of quantities of divisional and sub-divisional works.....	216
J.8 Valuation table for the procurement bill of equipment and installed materials.....	216
J.9 Valuation table for the bill of preliminaries and temporary works items.....	216
J.10 Valuation table for the bill of other items.....	217
J.11 Schedule of provisional sums.....	217
J.12 Schedule of provisional unit rates for equipment and materials.....	218

J.13 Schedule of provisional sums for specialist works	218
J.14 Daywork schedule	219
J.15 Valuation table for general contractor service charges	220
J.16 Valuation table for the unloading and safekeeping charges of equipment and materials provided by the employer	220
J.17 Analysis table of the all-in unit rate	220
J.18 Price schedule of principal materials	221
Annex K (normative) Format of the tender price quotation	222
K.1 Cover sheet	222
K.2 Title page	223
K.3 Explanatory statement on preparation	224
K.4 Summary of the tender price quotation	225
K.5 Summary of the tender price quotation for building and installation works	225
K.6 Summary of the tender price quotation for the procurement of equipment and installed materials	225
K.7 Valuation table for the bill of quantities of divisional and sub-divisional works	226
K.8 Valuation table for the procurement bill of equipment and installed materials	226
K.9 Valuation table for the bill of preliminaries and temporary works items	226
K.10 Valuation table for the bill of other items	227
K.11 Schedule of provisional sums	227
K.12 Schedule of provisional unit rates for equipment and materials	228
K.13 Schedule of provisional sums for specialist works	228
K.14 Daywork schedule	229
K.15 Valuation table for general contractor service charges	230
K.16 Valuation table for the unloading and safekeeping charges of equipment and materials provided by the employer	230
K.17 Analysis table of the all-in unit rate	230
K.18 Schedule of materials priced by the tenderer	231
Annex L (normative) Format of the final account on completion	232
L.1 Cover sheet	232
L.2 Title page	233
L.3 Explanatory statement on preparation	234
L.4 Summary of the final account on completion	235
L.5 Summary of the final account on completion for building and installation works	235
L.6 Summary of the final account on completion for the procurement of equipment and installed materials	235
