What this standard covers

This standard specifies the manufacture, inspection and acceptance of 04Cr13Ni5Mo martensitic stainless steel forgings for compression elastic rings of pressurized water reactor nuclear power plants. This standard applies to 04Cr13Ni5Mo martensitic stainless steel forgings for compression elastic rings of pressurized water reactor nuclear power plants.

Document data

International classification (ICS): 77.140.85.

Chinese classification (CCS): H43.

Estimated length of the Chinese original: 10,183 words.
