What this standard covers

This standard specifies requirements and test methods for bicycle stands; outlines rules for inspection, marking, packaging, transportation, and storage; and provides product classifications, types, dimensions, and model designation methods to facilitate technical specifications. This document applies to the design, production, inspection, and sale of bicycle stands as defined in QB/T 1714, "Bicycles?Nomenclature and Model Designation Methods."

Document data

International classification (ICS): 43.150.

Chinese classification (CCS): Y14.

Estimated length of the Chinese original: 25,215 words.

Supersedes the earlier edition QB/T 1893-1993.
